---

Dynamic and solution-oriented Senior Full-Stack Developer with over 4 years of experience in designing, implementing, and optimizing full-stack applications. Expert in React.js, Next.js, and Laravel, with proven leadership abilities as a Tech Lead managing project teams. Passionate about delivering efficient, scalable solutions in high-growth environments and adept at utilizing AI-driven tools to enhance project outcomes. Seeking to bring expertise and innovation to a forward-thinking team.

---

## WORK EXPERIENCE

- **Acute Business (Frontend Developer With React/Next.js)** Nov 2021 - Nov 2022
  - Worked on implementing two E-learning systems (Progate-Qalam).
  - Worked on a CRM system called Woqody.
- **Tatweer Misr (Application Developer with Laravel)** Jul 2023 - Aug 2023
  - Internship as application developer.
  - worked on the Queuing system for the lunches of the projects.
- **Aallie (FullStack developer | Teach lead)** Jul 2024 - present
  - As a full stack developer, I implemented Aallie using React.js and Laravel, integrating ChatGPT to develop AI-driven financial plans.
  - I also served as the tech lead, managing the entire team, overseeing project management, handling sprints, and reviewing tasks.
- **DIGITISED (FullStack developer)** Aug 2024 - present
  - Worked on project D (DIGITISED) as a full stack developer to enhance the project and implement new features in Next.js, Vue and Laravel.

- **AMIT (Full-Stack Instructor)** Aug 2024 - present
    - Instructing full-stack development courses, covering React.js, Next.js, PHP Laravel, and SQL, with a focus on building scalable web applications.
    - Mentoring students through hands-on projects, emphasizing industry best practices and modern development tools.
- 

## EDUCATION

- **Bachelor of Computers and Artificial Intelligence** **2020-2024 | GPA:2.83**  
Modern University for technology & information
    - **Specialization:** Computer Science
    - **Notable Project:** Developed a video summarization project using deep learning, achieving a B+ grade.
  - **Full Stack Web Development Diploma** **Feb 2021 – Oct 2021**  
Route Training Program
    - Completed a 9-month diploma in full-stack development, specializing in React.js and Laravel.
-
